

ST PIERRE BRIOCHE BAGUETTE

If you are looking for the best bread to fit our plus size sausages, St Pierre Brioche Baguettes are the buns you need. Selected for their generous size, as well as their fantastic flavour, you have to try these with a Sausage Man sausage to truly taste how well they go together!

These large soft St Pierre Brioche Baguettes are each pre-cut at the side for easy filling. Their deliciously soft texture, gentle sweetness and golden finish, make these Brioche Baguettes a European staple. Perfectly suited to our more generously sized German Sausage, you can also use these for a ton of other sweet and savoury fillings, but sausage is clearly your best bet!
